

INVESTING MASTERCLASS 1 WORKSHOP

Presented by Innocent Machabe.

He holds a Bachelor of Commerce Finance (Hon) degree, a Registered Public Accountant, a Chartered Certified Accountant (ACCA). He worked for leading manufacturing and retail companies in finance and administration and general management roles. He has a wealth of experience in working capital management, financial and management accounting, investments, taxation, business administration and business evaluation

Investing is the act of committing money or capital to an endeavor with the expectation of obtaining an additional income or profit

Warren Buffett defines investing as "... the process of laying out money now to receive more money in the future." The goal of investing is to put your money to work in one or more types of investment vehicles in the hopes of growing your money over time.

Investing is really about "working smarter and not harder."
